

COMPETITORS INFORMATION No. 10
EAST AFRICAN SAFARI CLASSIC RALLY 2009

Date: 12th July 2009

To All Competitors, Service Crews and Officials,

RE: TYRES SUPPLY AND SERVICE ON THE EVENT

The organisers have made arrangements with a reputable tyres and spare parts dealer in Nairobi to import Dunlop rally tyres and to provide a tyres transportation and fitting service on the event.

Note this service is being provided by Mr. Mehboob Nanji privately and the EASR organisers have appointed him as the official Tyres Supplier for the event. All dealing with the suppliers are to be done directly with them and EASR is not involved.

The EASR assures all participants that this service is with reputable rally tyres ordered via ATS Motorsport suppliers in South Africa and the tyres are similar to those used in the South African Rally Championship as their controlled tyre.

To conduct this tyre service correctly and successfully all tyres purchased must be confirmed along with payment to the supplier well before the event for him to be able to order the tyres. Two containers of tyres have been ordered meanwhile and are in production in Japan at present.

The price for the tyres as per the list below will include shipping from Japan, local customs duties and clearing charges and these tyres are available in Kenya only.

The type of tyres and prices are:-

1. Dunlop F51R medium compound Size 205/65-15 **USD 250.00** (Directional Left & Right)
2. Dunlop F51R medium compound Size 195/65-15 **USD 250.00** (Directional Left & Right)

For tyres purchased in advance by customer's free transport and changing services will be provided on the event at every rest halt in the evenings.

OTHER SERVICES:

1. For competitors who have their own tyres a tyre change facility will be provided at the cost of US\$ 10 per tyre change to be paid in cash.
2. If a competitor has brought his own tyres and would like to transport these tyres on the tyre truck the cost of transport will be US\$ 20 per wheel or tyre for the full event to be booked and paid for in advance. Tyre change facility will cost extra as above.
3. The supplier will have extra tyres on the event and competitors can purchase tyres for cash at the same price above during the event at every night rest halt.

Tyres can be ordered with Mr. Mehboob Nanji on Tel: +254-721-602020 and his e-mail address is impalaauto@wananchi.com
