

BULLETIN NO. 1

Date: 26th July, 2018

Time: 09h30

We regret to inform you that the East African Mini Classic Rally Powered By Safaricom 4G+ has been postponed due to safety reasons.

The issue of concern is on Day 1 of this rally, as several sections of the road on all 3 stages are completely washed away (due to the heavy rains experienced a few months ago). We were hopeful that by the time we carried out our 3rd reconnaissance, road works or at least emergency repairs would have been completed. Unfortunately, this has not been the case, and with only a few weeks to the rally, the general consensus amongst the organisers is that it is virtually impossible to complete the repairs. This would in effect, have wiped out an entire day of the rally, and it is something both you as the competitor and we as the organisers would have found very frustrating. All measures and mitigations have been considered and we have also exhausted all feasible alternative options within the time available. In conclusion the rally shall not meet the set requirements of Appendix H of the FIA International Sporting Code.

The rally will still be run as a tribute to Mr. J S Vohra at a later date to be notified, and all entry fees will be donated to a charity organization nominated by the Vohra family.

The revised program will be shared once the route has been surveyed after the repairs have been made and the route is considered safe by the Clerk of Course.

For the competitors that have paid, the entry fees will be carried forward.

The above matter has been discussed with the Stewards and they are in agreement with the decision of the Clerk of Course.

Raju Chaggar
Clerk of Course
